

St James Kidsway's vision is to form a relationship with each child and their whanau through our Christian environment where we provide quality early childhood education.

It is important to Kidsway that we support families where we can. In order to assist, we have established a special needs grant which is available and approved at the St James Kidsway Board's discretion.

The grant, where approved is based on the following criteria :

- A child who has approved Individualised Funding (IF) which does not meet the 20 hours per week
- Application being made within the timeframe communicated on the Centre noticeboard
- Child must be over the age of 2 years old
- Grant is for one term only
- Grant is for up to 20.0 hours
- Full completion of the Application Form attached
- Staff availability to cover the additional needs of the child (this will be established at the beginning of the term so that we can ensure adequate support)
